This version of the Practice Test does not require you run an installation programme in order to use the test. Instead:

1. **Save** the attached folder to your hard drive (C:\ drive on most PCs)
2. **Right click** on the folder and select **Extract All**
3. Click **Next**, then choose the location on your PC where you want to save the test (click Browse and New Folder to create a new folder if needed)
4. Click **Next** to extract the files, then click **Finish** when the extraction completes
5. Go to the location where you have saved the test, and double click on the **Hub.exe** icon (specific to your test) to launch the test
6. Repeat the above process for each individual PC on which you wish to run the Practice Test
